Attachments: Work Order Shivco CameraReset Jul23.pdf

Dear Mr. Shivnani,

Please find attached Work Order WO-20260723-01, confirming our rescheduled visit to your Salem, Runaway Bay location on Friday, July 24, 2026 at 4:00 PM.

This visit follows the recent installation of the HDMI extenders and will address resetting the cameras so that live feeds display correctly on the monitor in the Director's office.

Our technicians, Tamiko Taylor and Weeks Edwards, will be on-site to carry out the reset and verify that all 32 camera feeds from both NVRs are displaying correctly before concluding the visit.

Kindly have a representative available at the time of the visit to review and sign off on the completed work. Should you need to reschedule or have any questions beforehand, please don't hesitate to reach out.

We appreciate your continued business and look forward to resolving this for you.

Sincerely,

Elroy Jones
Managing Director

Good afternoon Mr. Jones,

Following up on this email, we have discovered additional issues.

Sales receipts shown in the order list are not loading properly. Currently, they can only be seen in the Cash Management section. Please see [video 1](#) and [video 2](#) for reference.

Please assist us with these issues as soon as possible, thank you.

Regards,
Swahili Beckford

Good afternoon Mr. Jones,

We would like to bring to your attention another round of POS issues that will require your kind assistance.

There are times when the POS will show a sale earlier than the cashier's clock in time ([image 1](#), [image 2](#)). According to Mr. Martin, the times shown on the POS are usually correct. Additionally, at cashier station one (#1) and the customer service counter, the system is not allowing a shift to be opened via staff login, and it displays the message "No Open Shift". Please see the [linked video](#) for reference.

Please assist us with these issues as soon as possible.

Additionally, we would like to request a change in print format for all restaurant POS bills. The table order bills printout is too small, hence we would like those bills, as well as any additional bill to be one standard format like the [attached receipt](#) (standard receipt print on the right).

Thank you,
Swahili Beckford
